

Station**GUARD**™ Bed Communication Cable

Prevents both wall and connector damage

Hill-Rom® BIU Station

Anacom Stationguard™
Wallplate page 63

Plug pivots off axis from the face of plug, protecting the pins & shroud.

Best Choice for:

- Hill-Rom® BIU Protection
- StationGuard™ Wallplate

Can be forcefully unplugged at **ANY** angle from a Hill-Rom® BIU or a Stationguard™ receptacle. Eliminates need for Hill-Rom® key or socket saver.

• **Patented Shroud Design**
withstands abuse without stretching out of shape

• **Solid Brass Pins**
Can be bent, and straightened without breaking

• **Slim Plug Body**
Female end easily fits into all bed models
